

God has blessed Mighty Oaks with an incredible opportunity! Chad and Jeremy (Mighty Oaks Founder & Executive Director) have been invited to speak with a Coalition to address a bipartisan panel in Congress, of over 50 members of the Veterans Affairs Committee, and Armed Services Committee, this December 11th to advocate, inform and make a case for faith-based treatment options being made available for our Nation's Warriors. Help us reach out goal of taking 10,000 signatures with us to Congress to show overwhelming public support.
